 Riyadh, Saudi Arabia

 Abdulrahim Albijadi

Objective

Software Engineering student seeking a summer training opportunity to apply technical skills in real-world projects and gain hands-on industry experience.

Education

King Fahd University of Petroleum & Minerals (KFUPM) <i>Bachelor of Science in Software Engineering</i> Major GPA: 3.95 / 4.00	08/2022 – Exp. 12/2027 Dhahran, Saudi Arabia
Texas A&M University (TAMU) <i>Student Exchange Program (Software Engineering)</i>	08/2025 – 12/2025 College Station, TX, USA

Projects

KFUPM Events Management System GitHub <i>Full-Stack Web Application</i> - Developed a full-stack event management platform supporting event creation, submission, tracking, and admin approval workflows. - Built role-based organizer and admin functionality using React, Node.js/Express, and MongoDB.	01/2026 – 05/2026
Bookstore Management System GitHub <i>Database-Driven Web Application</i> - Designed and implemented a normalized relational database schema (3NF) for a bookstore system. - Built a backend system using Python (Flask) and MySQL, with RESTful APIs for authentication, book search, and order management.	08/2025 – 12/2025
Job Application Outcome Prediction System <i>Machine Learning Classification Project</i> - Developed and compared multiple machine learning models (KNN, SVM, Logistic Regression, DNN) to predict job application outcomes. - Performed data preprocessing, feature engineering, and evaluated model performance using metrics such as accuracy and precision.	01/2025 – 05/2025

Skills

- Programming Languages:** Python, Java, JavaScript, C, SQL
- Computer Science Fundamentals:** Object-Oriented Programming, Data Structures
- Web Development:** HTML, CSS, React, Node.js, Express, RESTful APIs, API Integration
- Databases & Data Modeling:** Relational Database Design, SQL Querying (Joins, Aggregations), Normalization, ER Modeling
- Database Technologies:** MySQL, MongoDB, MongoDB Atlas
- Machine Learning:** Classification Models (KNN, SVM, Logistic Regression, DNN), Data Preprocessing, Model Evaluation
- Security:** Web Application Security (Fundamentals)
- Tools & Platforms:** Git, GitHub, VS Code, MySQL Workbench, Vercel, MATLAB, R, MS Office

Languages

Arabic (Native)	English (Fluent — TOEFL iBT: 94)
